Dear Colleague,

I am pleased to inform you that *Clinical Chemistry and Laboratory Medicine* (CCLM) now offers individual members of IFCC Societies the option of subscribing to the journal's "online only" edition at a substantially discounted rate.

You may have received our first information letter e-mailed on March 15. I would like to draw your attention again to the offer below, which has been slightly modified and now also includes a price in US\$.

Subjects covered by CCLM include clinical biochemistry, molecular medicine, haematology, immunology, microbiology, drug measurement, genetic epidemiology, evaluation of diagnostic markers, new reagents and systems, reference materials and reference values.

CCLM is published in association with the International Federation of Clinical Chemistry and Laboratory Medicine (IFCC) and the Forum of the European Societies of Clinical Chemistry (FESCC). This cooperation has been undertaken for many years now and has resulted in a close relationship between the journal and both societies. As an outcome of regular contacts and productive discussions with CCLM's publisher, Walter de Gruyter, the new price was established. The new discounted price will enable an increased number of individuals to use CCLM for their daily scientific work and to keep up-to-date with new developments in clinical laboratory sciences.

As of the beginning of 2005, individual members of Societies that are members of IFCC can subscribe on an individual, non-mandatory basis to "CCLM online only" at an annual rate of €27.00/\$ 38.00.

This price is a substantial reduction compared to the 2005 institutional rate for "CCLM online only" of €1,028.00.

Individuals are also still entitled to subscribe to "CCLM print & online" on an individual, non-mandatory basis at the substantially reduced rate of €108.00/\$ 144.00 (postage and handling included).

Please view a free issue of CCLM at <http://www.degruyter.com/journals/extenza> to gain a more detailed impression of the journal.

If you wish to subscribe to CCLM at one of the two subscription rates above, please fill in the order form below and return it, preferably by e-mail, or fax, to the CCLM editorial office, attn. Ms. Heike Jahnke, cclm.editorial@degruyter.de, and give the reference code **IFCCcclm05**.

Thank you for your consideration. We look forward to hearing from you at your earliest convenience.

With kind regards,

Yours sincerely,

Mathias M. Müller
President of IFCC
